Lean on these resources to ensure the integrity and success of your research:

**Office for Responsible Research** will provide guidance and work with you to ensure your research complies with all regulations if it involves human subjects, animals or biohazards. ([https://www.compliance.iastate.edu](https://www.compliance.iastate.edu))

**Office of Research Integrity** will answer your questions and provide sound direction on matters such as conflicts of interest in research and collaboration with international researchers. ([https://www.research.iastate.edu/office-research-integrity/](https://www.research.iastate.edu/office-research-integrity/))

**The Research Integrity Officer** addresses issues of possible research misconduct, and is available at rio@iastate.edu or by phone at 515-294-6344.

**Office of Biotechnology** can connect you with a broad range of biotech services, instrumentation and faculty with similar or complementary research interests. ([https://www.biotech.iastate.edu](https://www.biotech.iastate.edu))

**The Attending Veterinarian** can help you design your study to assure best care is provided every animal used in your research. ([https://www.compliance.iastate.edu/committees/iauc/av](https://www.compliance.iastate.edu/committees/iauc/av))

**Laboratory Animal Resources** will work with you to provide care and housing for animals used in your research. ([https://www.vpresearch.iastate.edu/laboratory-animal-resources/](https://www.vpresearch.iastate.edu/laboratory-animal-resources/))

**Department of Environmental Health and Safety** provides a wide array of services to help ensure the safety of your research, your lab and the campus community. ([https://www.ehs.iastate.edu](https://www.ehs.iastate.edu))

---

**Welcome to Iowa State!**

The **Office of the Vice President for Research** and our partner offices are here to help advance your research and success.

**Look to these units for answers to your research funding and technology transfer questions:**

**Grants Hub** will help you identify funding opportunities, provide assistance preparing your proposals and offer consultation on team-based research and how to manage your research project. ([https://www.grantshub.iastate.edu](https://www.grantshub.iastate.edu))

**Office of Sponsored Programs Administration** will help you with your proposal submissions to sponsors, negotiate and establish your award agreement and then help you with post-award approval requirements. ([https://www.ospa.iastate.edu](https://www.ospa.iastate.edu))

**Improved Service Delivery (ISD)** grants finance specialists will help you manage the finances for your funded project.

**Office of Intellectual Property and Technology Transfer** can help identify industry sponsorship opportunities and, when the time is right, facilitate transfer and commercialization of the product of your research. ([https://www.techtransfer.iastate.edu](https://www.techtransfer.iastate.edu))
