e-Data REPORTING

In 2007 a data warehouse project began at ISU. By 2009 the first reporting started coming out of the warehouse and was dubbed e-Data. Student and Employee reporting came next and finally Sponsored Programs and Financial reporting was completed in July of 2013.

To get to the e-Data reports, simply click on the picture.

# The Portals

<table>
<thead>
<tr>
<th>Portals</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student Self-Service</td>
<td>The Student portal includes counts for enrollment, residency, degrees awarded, trends over time, retention and graduation.</td>
</tr>
<tr>
<td>Employee Self Service</td>
<td>The Employee portal includes counts by the organizational structure, by employee type such as faculty, P&amp;S staff and Merit and by FTE.</td>
</tr>
<tr>
<td>Sponsored Programs</td>
<td>The Sponsored Programs portal reports information about all of the awards and proposals that occur at ISU. Counts revolve around sponsors and sponsor types, register dates and the administrative units.</td>
</tr>
<tr>
<td>RMM Self-Service</td>
<td>The RMM portal provides data based on tuition distribution. It includes utility usage and building square footage.</td>
</tr>
<tr>
<td>Financial</td>
<td>The financial portal includes all of general ledger data that originates in our financial accounting system called KFS.</td>
</tr>
<tr>
<td>Courses and Instruction</td>
<td>The Courses and Instruction portal provides student credit hours grouped by instructional data including instructor type and tenure. Another set of reports will be coming soon that show student credit hours grouped by courses rather the the by instruction type.</td>
</tr>
<tr>
<td>Departmental Profile</td>
<td>The Department Profile portal is used by department staff to obtain a cross section of data from all of the other portals and is mainly used for departmental reviews.</td>
</tr>
<tr>
<td>Custom Reports</td>
<td>And finally, custom reports where anyone can request a custom report for data that's not easily distributed by the portals.</td>
</tr>
</tbody>
</table>
Financial System

Our financial system is maintained in a system called KFS. Every night the data is gathered from KFS and inserted into the data warehouse. Dozens of reports are available in e-Data surrounding this financial information.

This can be overwhelming for people new to e-Data. Because of that, we gathered a set of the most used reports and put them in a portal called Finance Lite. This is a great place to start when you need financial information.
Finance Lite

This portal includes 18 financial reports that can be found elsewhere in e-Data, but have been placed here for easy access. By simply choosing the report you want and filling in the filters, you can get the information you need easily and quickly.

**IOWA STATE UNIVERSITY**

**e-Data: Finance Lite**

Choose filters, select the report you want to see and click Run.

That’s a quick introduction to e-Data. Please feel free to contact Alicia Duncan aduncan@iastate.edu or Kevin DeRoos kderoos@iastate.edu with any questions.
