Genetics Transfer Plan, College of Agriculture and Life Sciences
Equivalency with Iowa Lakes Community College
Esterville and Emmetsburg

First Semester

Course Title (ILCC)	ILCC	ISU	Credits
English Composition I	ENG 105	ENGL 150	3
Biology I	BIO 112	BIOL 211	3
Biology I Lab		BIOL 211L	1
General Chemistry I	CHM 166	CHEM 177	4
General Chemistry I Lab		CHEM 177L	1
Statistics	MAT 156	STAT 104	3
OR Analytic Geometry and Calculus I	MA 210	MATH 165	4
			15-16

Second Semester

Course Title (ILCC)	ILCC	ISU	Credits
English Composition II	ENG 106	ENGL 250	3
Biology II	BIO 113	BIOL 212	3
Biology II Lab		BIOL 212L	1
General Chemistry II	CHM 176	CHEM 178	3
General Chemistry II Lab		CHEM 178L	2
Humanities or Social Science	See details below		3
OR Analytic Geometry and Calculus II	MAT 211	MATH 166	4
			15-16

Third Semester

Course Title (ILCC)	ILCC	ISU	Credits
Humanities or Social Science	See details below		3
General Physics I	PHY 162	PHYS 111	4
Organic Chemistry I	CHM 263	CHEM 331	3
Organic Chemistry I Lab		CHEM 333L	2
Fundamentals of Communication	SPC 101 or 112	SP CM 212	3
			15

Fourth Semester

Course Title (ILCC)	ILCC	ISU	Credits
Ethics Course	See details below		3
General Physics II	PHY 172	PHYS 112	4
Organic Chemistry II Lecture	CHM 273	CHEM 332	3
Organic Chemistry II		CHEM 334L	2
International Perspective	See details below		3
			15

The Genetics major requires completion of two semesters **with labs** of each of the following sciences: **General Biology, General Chemistry, Organic Chemistry, and Physics**. At ISU, the labs are included in Phys 111/112 while the Biology and Chemistry labs are designated as "L". Two credit organic chemistry labs transfer as Chem 333L and 334L which will be substituted for the one credit 331L and 332L required by the major. The Genetics major also requires completion of **either two semesters of Calculus and one semester of Statistics or two semesters of Statistics and one semester of Calculus**. **Students should plan to take both semesters of any two-**

semester sequence of courses at the same institution because each institution distributes the course material differently between courses in a sequence. For example, students taking Biology at ILCC should take both BIO 112 and 113 to receive credits for Biology 211/L and 212/L. When taken singly, the courses are not equivalent, however when taken as a series the courses are deemed equivalent to 211/212.
This transfer plan differs from what ISU Genetics majors typically take primarily in the following: Genetics and Molecular Cell Biology courses are taken during the third and fourth semesters and Physics I and II during the fifth and sixth semesters.

General Education Requirements

Typical courses that fulfill the College of Agriculture and Life Sciences requirements for Humanities, Social Sciences, Ethics, and the University International Perspectives and US Diversity requirements are listed below. Other courses may apply; contact an advisor in Genetics at ISU or use the TRANSIT function on Iowa State's website: https://transit.iastate.edu/ to check individual course equivalencies.

Humanities (need 1 course, 3 cr)
- Courses from History such as ILCC HIS 110, 111, 151, 152
- Courses from Literature such as ILCC EDU 235; LIT 101, 110, 111

Social Sciences (need 1 course, 3 cr)
- Courses from Political Science such as ILCC POL 111, 121, 135
- Courses from Psychology such as ILCC PSY 111, 121, 251, 261
- Courses from Sociology such as ILCC SOC 110, 115, 120

Ethics (need 1 course, 3 cr)
- Philosophy ILCC PHI 105

ISU International Perspectives requirement (need 1 course, 3 cr)
- Religion ILCC REL 101 Survey of World Religions
- History ILCC HIS 110, 111

ISU US Diversity requirement (need 1 course, 3 cr)
- Sociology ILCC SOC 115; Psychology ILCC PSY 261; Education EDU 235

For a full list of ILCC courses which transfer to ISU see the Iowa State University Admissions web page: http://www.admissions.iastate.edu/equiv/iowa.php?type=transfer

This guide was developed to assist students planning to attend Iowa State University to major in Genetics in the College of Agriculture and Life Sciences. The equivalency table is based on the ISU 2014-15 Catalog and course equivalencies provided by the ISU Admissions office. Students should contact Dr. Lois Girton, Genetics advising coordinator (lgirton@iastate.edu or 515-294-0616), for more assistance. Students should also plan to visit with an advisor in Genetics at ISU prior to beginning their second year of studies, or earlier.
